Pleasure: Building Trust and Faith in the Goodness of Life

with

Madeline Dietrich

Senior Pathwork Helper, Ottawa
Pathwork Region

The Guide says it's easier for humans to tolerate pain than to acclimatize to states of pleasure. To evolve from our global obsession with pain and suffering, we need to give as much attention to understanding the true nature of pleasure. We'll utilize what the Guide calls the "healing balm of pleasure" to expand into trust and faith in the goodness of life.

Who do you say I am? A Pathwork inquiry into Jesus Christ/Christ Consciousness

with

Renee Whatley

Senior Helper, Philadelphia Pathwork
Region

What does it mean to have a personal relationship with Jesus Christ or to be imbued with Christ Consciousness? Is it the same or different? We'll bring to consciousness what we really think and feel toward this particular aspect of Spirit. We'll unlearn, relearn and strengthen beliefs, leaving with a personal knowing, as well as practices that provide guidance, inspiration, comfort and pleasure for our daily lives.

"Each day I was gifted with other people's journeys to enrich my own work. I will be back to the Summer Institute."

Join one of these transformative immersions into the Pathwork material as developed by these master teachers. Enjoy an expanded community of fellow Pathworkers with spaciousness to go deep and integrate in a serene and beautiful setting at the Pendle Hill Retreat Center in Philadelphia.
